

# YOU'RE INVITED

Bold stationery designs in regal tones that work for wintry celebrations.

Inspired by the architectural details of a beautifully designed wedding venue, this custom invitation suite incorporates a gorgeous blend of finishes and materials. The Deco design by **RedBliss** features an eye-catching, laser-cut gold chrome archway over crisp white 4-ply stock and black lithography. The backside of the invitation boasts plush black velvet, while a textured gold envelope showcases a lovely lace-patterned lining. *Shown here: "Victoria & William" invitation with envelope, response card with coordinating envelope, and post-celebration info card; 603.679.5232, redbliss.com.*
